

4/21/82

Dear Sir or Ms.,

I am researching an article on the development of American solar energy policy during the Truman and Eisenhower administrations. As part of my research, I have obtained copies of records in the National Science Foundation Archives. In a letter of November 29, 1957 there is a reference to CIA participation in a meeting on December 4, 1957 of the OCB on solar energy. Consequently, I would be interested in obtaining copies of correspondence relating to this meeting and solar energy.

Thank you.

Yours truly,

Harvey Strum,
